PowerTerm® Lite
PowerTerm® Plus *FTP client included*

The host access solution for Unix connectivity

Ericom® Software's PowerTerm® Lite and PowerTerm® Plus are designed especially for those organizations requiring secure, reliable, high-speed connectivity exclusively for Unix and VT systems. PowerTerm Lite and PowerTerm Plus are optimized for Windows 3.x, Windows 95, Windows 98, Windows NT and Windows 2000 platforms.

Seamless connectivity from PC to host
PowerTerm Lite and PowerTerm Plus terminal emulators maximize enterprise-wide productivity by providing reliable access to accounting, inventory management, transaction processing and other mission-critical legacy applications. PowerTerm Lite and PowerTerm Plus support communication modes for network connections including TCP/IP, Pathworks DECnet (CTERM), Pathworks LAT, as well as for serial connections, including RS-232, INT14, BAPI and PPP/SLIP.

### Terminal emulation exclusively for Unix
PowerTerm Lite and PowerTerm Plus provide emulation for most standard Unix terminal types, including VT52/100/220/320, SCO-ANSI, BBS-ANSI, Wyse 50/60, AT386, Televideo 925/950 and IBM AIXterm.

State-of-the-art features
PowerTerm Lite and PowerTerm Plus provide more features than any other competing product. Features include customizable function keys and menu bar, graphical color selection, Power Script Language, multiple concurrent sessions, history scroll bar, intelligent copy and paste, scalable fonts and advanced printing. These features ensure quick, reliable connections for sharing valuable information throughout the enterprise.

...Plus FTP Client
PowerTerm Plus includes FTP Client – a menu-based point-and-click tool for performing file transfers between PC and host.

One-minute installation
The full 16-bit and 32-bit terminal emulator has an extremely small footprint and is distributed in approximately 2 MB, allowing quick and simple installation onto any PC in one minute.

Also available:
PowerTerm Host Publisher, PowerTerm Pro, PowerTerm Pro Enterprise, PowerTerm WebConnect, PowerTerm InterConnect, PowerTerm CE and PowerTerm WBT.

PowerTerm Lite/PowerTerm Plus Technical Specifications

Platforms Supported	Windows 3.X, Windows 95, Windows 98, Windows NT, Windows 2000
Hosts Supported	Unix, SCO, VAX/VMS, Alpha/Open VMS
Terminals Emulated	VT52, VT100, VT220, VT320, VT420, VT525, SCO-ANSI, BBS-ANSI, AT386, AIXterm, Wyse 50/60, TVI 925/950
Supported Interfaces	Ethernet, Token Ring, Serial Ports
Communication Modes	TCP/IP Winsock, Pathworks DECnet (CTERM), Pathworks LAT, Serial, Modem, direct via COM Port, PPP/SLIP, INT14 (16-bit), DECnet BAPI
File Transfer	Xmodem, Ymodem, Zmodem, Kermit, ASCII, FTP Client*
Printing Support	All printing sizes, landscape and portrait printing, print screen, auto print mode, advanced printing, hold/release, form feed, CICS printing
Screen Support	Graphical drag & drop keyboard mapping, graphical color selection, customizable function keys, scalable fonts, status line, menu bar, tool bar, 80/132 column width, variable lines per page, double width/height characters, blink & underline attributes, reverse screen support and more
Language Support	English, German, French, Spanish, Italian, Greek, Turkish, Danish, Finnish, Portuguese and more
Other Features	Modem dialing, multi-sessions, Power Script Language, script recorder, keep-alive-timeout, keyboard mapping, keyboard property page, Intellimouse support, Save-lock-state, language code pages support, automated login, hide menus, file operations, 32-bit Windows 95/98/NT/2000 support, history scroll bar for session, history review, high-level API, DDE client & server, LK450 keyboard support, intelligent copy & paste of blocks/lines/words, floating programmable PowerPad keypad, status display for host and printer, and more

*PowerTerm Plus only

Ericom Software is a leading provider of corporate connectivity, e-business, wireless and business-to-business solutions that extend the life of host and legacy data by creating Internet applications from existing host resources. Ericom develops, markets and supports a complete line of interconnectivity software products including the PowerTerm® series of terminal emulators. Ericom's technologically advanced host and remote access products enable organizations to securely, efficiently and cost-effectively connect to any host, anytime, anywhere. With over 2.5 million users in 45 countries worldwide, Ericom continues to expand into new areas of host access, host-to-web and e-business. Leading corporations, government agencies and educational institutions rely on the PowerTerm series of products to access mission-critical information and applications vital to their business needs.

Among Ericom's satisfied customers: Motorola, Hitachi, Pfizer, AT&T, Ben & Jerry's, Tower Records, Toyota, Nintendo, BF Goodrich, John Deere, UPS, Nations Bank, Dow Jones, Chase, Merrill Lynch, GE Capital, The Montreal Exchange, Banco Central de Reserva El Salvador, France Telecom, The Royal Australian Navy, The British Army, NASA, NATO, US Internal Revenue Service, Harvard University, Columbia University, Johns Hopkins, UCLA, and more.
